Meet the professional meat grinder!

The Combisteel meat grinder is the perfect solution for quickly and efficiently processing meat, whether you work in a butcher shop, restaurant, or catering business. This meat grinder combines power, ease of use, and durability to meet the demands of any professional kitchen. With its sturdy stainless steel housing, compatibility with a standard 230V socket, and a blade diameter of 120 mm, this meat grinder is a reliable and versatile choice for daily use. Dimensions: 429x382x405 mm (LxDxH) – power: 0.55 kW – capacity: 150 kg per hour – weight: 27 kg

Key features:

- **High capacity:** Process up to 150 kg of meat per hour, ideal for busy kitchens.
- **Durable design:** Fully made of stainless steel for long-lasting performance and easy maintenance.
- **Flexible processing:** Comes with 3 cutting plates (3, 6, and 8 mm) for various applications.
- **Precision:** Equipped with a 120 mm blade for accurate and consistent processing.
- **Available in multiple versions:** Choose a 250 kg/hour capacity model (230V or 400V) or a larger 500 kg/hour version (400V).

This professional meat grinder provides the power and flexibility you need to process meat quickly and easily. Order now and discover how this meat grinder can elevate your workflow to the next level!
